AI + Cybersecurity

Cyber Skills, Mountain Thrills: Unite & Uplift!

Ski-In/Ski-Out Resort & Spa

Apres Cyber Slopes Summit

The **Apres Cyber Slopes Summit** is a premier gathering which brings together **leaders** (e.g. **CISOs**, CTOs, Directors, etc.) and **experts** (e.g. **Researchers**, Senior Engineers, etc.) in an event which focuses on the nexus between **AI** and **Cybersecurity**.

This event is set against the backdrop of the lavish Westgate Resort and Spa, situated in the picturesque **Canyons Village** of Park City, Utah. This summit offers a unique blend of cutting-edge technological discourse and luxury.

Unite & Uplift

The primary objective of the event is to offer ample opportunities for **participants**, including sponsors and attendees, to **connect** and build new professional relationships. This not only **unites** but also strengthens the overall community, enriching its collective potential.

The secondary objective of the event is to **uplift** the **participants** via providing an atmosphere where **information** will be shared within engaging workshops/trainings,

insightful speaking sessions will inspire **innovation** via helping participants quickly understand complex topics, and interactive panel sessions will enable participants to see clearly how to achieve personal **growth**.

The tertiary objective of the event is to provide **participants** with opportunities to decompress by indulging in the mountain's exhilarating **recreational activities**, such as skiing and snowboarding, and by enjoying lighthearted social relaxation in Canyon Village, including **spa** treatments and **gourmet** dining.
